

Centennial Nordic Congress of Psychiatry

Understanding mind and crossing borders

The 30th Nordic Congress of Psychiatry will be held in
Tromsø, Norway 5. – 8. June 2012

The congress is organized by the Norwegian Psychiatric Association and the Norwegian Association for Child and Adolescent Psychiatry on behalf of the Joint Committee of the Nordic Psychiatric Associations and in cooperation with all Psychiatric Associations within the Nordic Zone of the World Psychiatric Association.

We also welcome psychologists, and other members of the multiprofessional psychiatric team.

Early bird conference fee NOK 3500, for participants from low income countries NOK 2500.

The scientific program will have a broad scope

- What do we need to know for good health services planning and what are necessary ingredients of a good mental health service system (**Assen Jablensky, Australia**)
- Mental health implications of migration (**Dinesh Bhugra, Great Britain**)
- Models of mental health service for multicultural societies and what culture adds to a person-centered psychiatry (**Laurence Kirmayer, Canada**)
- The gene environment in psychiatry (**Kenneth Kendler, USA**)
- Clinical and theoretical implications of sub-threshold states in psychiatry (**Levent Küey, WPA**)
- Treatment of psychoses with an emphasis on early intervention (**Thomas McGlashan, USA; Pat McGorry, Australia; Merethe Nordentoft, Denmark; Jan O. Johannessen & Ingrid Melle, Norway**)
- Life expectancy and mental health (**Merethe Nordentoft, Denmark**)

A separate program for candidates in psychiatric specialization (LIS) will include

- Road to Research (**Sameer Jauhar, Scotland & a young psychiatrist from Sweden**)
- Psychiatrist – a Promising Profession (**Norman Sartorius, WPA; a student, Norway**)
- Psychiatry and correctional services: Psychiatric evaluation of the 22.7 killer

Time limit for submitting abstracts is February the 20th 2012
